

HEALTH

"I don't think we could keep house without Theford's Black-Draught. We have used it in the family for over two years with the best of results. I have not had a doctor in the house for that length of time. It is a doctor in itself and always ready to make a person well and happy."—JAMES HALL, Jacksonville, Ill.

Because this great medicine relieves stomach pains, from the constipated bowels and invigorates the torpid liver and weakened kidneys.

No Doctor

is necessary in the home where Theford's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Theford's Black-Draught cures biliousness, dyspepsia, colic, chills and fever, bad blood, headaches, diarrhoea, constipation, colic and almost every other ailment because the stomach, bowels, liver and kidneys so nearly control the health.

THEFORD'S BLACK-DRAUGHT

Biliousness

"I have used your valuable Cascarets and find them perfect. Couldn't do without them. I have used them for a long time for constipation and biliousness and am now completely cured. Recommend them to everyone. Once tried, you will never be without them in the future."—Edward A. Marx, Albany, N. Y.

The Trials of Women.

The homes of this country are filled with women whose trials utterly destroy the joys of existence. They are the victims of female disorders and they do not get relief, and they are forced to drag through the weary years without the hope of better days. All such should be advised to use a few bottles of

ST. ANDREW'S WINE OF LIFE ROOT.

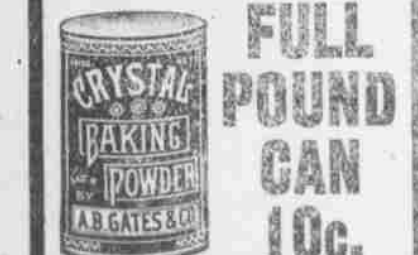

It plants hope in hopeless hearts, the seeds of joy in joyless minds, whose fruition is the bloom of health on the cheek of the perfect woman, to whom the ills of her former existence are now the real zest of her pleasurable life. Thousands of women all over this land have testified to the truthfulness of this assertion.

TONICS FOR WOMEN.

Your Heart

May Be Weak. One Person in Four Has a Weak Heart.

One of the surest signs of a weak heart is shortness of breath after exercise. Your heart is not able to pump the blood fast enough to your lungs.

Some of the other symptoms of Heart Trouble are: Pains in the Side, Back and Shoulder; Fainting or Weak Spells; Dry Cough; Swelling of Feet and Ankles; Cold Feet or Hands.

No one can afford to allow a weak heart to go without medicine, because weak heart means poor circulation, and poor circulation means weak lungs, stomach, liver, kidneys, etc.

If, therefore, you suspect heart trouble, begin taking Dr. Miles' New Heart Cure. The Heart Cure will do you good, as it is a splendid tonic for the blood and nerves, and will revitalize your entire system.

Finally, remember, Dr. Miles' New Heart Cure is sold under a guarantee that the first bottle will do you good.

If it doesn't—your money back.

"I was afflicted with heart trouble for three years. I would be apparently all right, and without a moment's warning would fall as though shot. The attacks were frequent, and a terrible dread possessed me, as I never knew when or where, nor under what conditions I would be attacked, and whether I would survive them. I consulted and was treated by some of the most eminent physicians of the state. Not finding relief from this source, I began taking Dr. Miles' New Heart Cure, and began to improve at once. I used ten bottles, which entirely cured me, as I have not had an attack for five years."—MRS. JOHN DRESBACH, Leipsic, O.

THANS.

Special to the News.

The welcome News comes every Saturday morning, full of news from every place. We read it with such interest and delight so much in reading all of our correspondents letters. It don't make me frown to read any letters in the News, for I enjoy reading them all.

I wish the News great success this year and all its writers. I wish I had something more interesting to write about than I have been writing about.

Was sorry to hear of cousin Dr. Hall of Pikeville, being so low with the grip. We fear we shall hear of his death in the next issue of the News.

Mrs. Addie Ridge is still the guest of her mother, Mrs. Smith is somewhat improved at this time. Hope she will soon recover.

M. E. Deakins is somewhat better from a fall he got while in Chattanooga a few days ago. He received severe injuries.

Measles are still raging around here. James Hartman is recovering from the measles. They did not hurt him much.

O how glad I will be to see sweet spring come again.

Am glad to say that Mr. Cunningham is some better this week.

Mrs. Janey Hartman will give her friends a birthday dinner Friday. She gave a very welcome invitation to take dinner with her that day. She will be 38 years old on that day.

Frank Barker of Dunlap, has had to leave his store on account of an attack of the measles. His brothers, Flavius and Floyd, have not had them yet.

Cousin David Deakins, of Looney's Creek, gave us a pleasant call Thursday. We are always glad to see him.

I note that several are hitting at me sharply. I am a woman and don't want to hurt any one's feelings. Whatever I have said in my correspondence to the News was said in a friendly way not thinking that some smart Elie would try to insult me about the matter, or otherwise take my correspondence in any other spirit that what it was intended.
